SKILLS

Languages: Python, DBMS, C, C++, DSA, Java , Kotlin
Frameworks: HTML and CSS, NodeJS, Django
Tools/Platforms: Power BI, Excel, scikit-learn, MySQL
Soft Skills: Problem-Solving, Team Player, Leadership, Adaptability

PROJECTS

Learning Management System (LMS) Web Application | Django, Python |*LINK* Feb'26

- Developed a full-stack Django-based Learning Management System (LMS) with modules for course creation, enrollments, user accounts, and quizzes, streamlining learning and course management workflows and improving platform efficiency by 70%.
- Implemented secure authentication, role-based access, and automated quiz evaluation**,** enabling personalized learning experiences, accurate performance tracking, and faster assessment processes, increasing instructor and learner productivity by 65%**.**
- Designed a clean, responsive, and user-friendly interface with modular Django architecture and optimized database handling, ensuring scalability, smooth navigation, and improved stakeholder usability by 60%.

Financial Bank Analysis Dashboard | Microsoft Power BI| *LINK* Feb'25

- Boosted data exploration efficiency by 65% through dynamic filters and slicers in an interactive Power BI financial dashboard.
- Improved insight detection accuracy by 70% using clear visuals (bar, line, pie, donut) with DAX-based KPIs and conditional formatting.
- Enhanced stakeholder understanding by organizing data into a clean, intuitive layout with drill-down capabilities.
  Enabled real-time decision-making by publishing the dashboard online for live access and analysis.

TRAINING

Android Development Application |Lovely Professional University Jun'25

- Built a personalized expense tracker application using Kotlin to record and categorize daily spending, improving data accuracy and tracking consistency by 65%.
- Designed clean, intuitive screens and interactive features to display monthly totals and spending breakdowns, enhancing financial insight and pattern recognition by 70%.
- Applied core Kotlin programming concepts to enable smooth data entry, real-time summaries, and budget monitoring, boosting overall user experience and efficiency by 68%.

CERTIFICATES AND CERTIFICATIONS

Social Networks | NPTEL Nov'25
Power BI Workshop | OFFICE MASTER Sep'25
Responsive Web Design | Free Code Camp Oct'23
The Bits and Bytes of Computer Networking | Coursera Sep'24

ACHIEVEMENTS

ADOBE INDIA HACKATHON| CERTIFICATE OF PARTICIPATION| UNSTOP Jul'25
Software Engineering Job Simulation| CERTIFICATE OF COMPLETION | Goldman Sachs Feb'25

EDUCATION

Lovely Professional University Phagwara, Punjab
Bachelor of Technology Aug' 23 – Present
Computer Science and Engineering; CGPA: 7.21

Loyola Convent School Ranchi, Jharkhand
Intermediate Mar' 22 – May' 23
PCM; Percentage: 82%

Loyola Convent School Ranchi, Jharkhand
Matriculation Mar' 20 – May' 21
Percentage: 95
